AUTHORS

RICHARD GRAHAM, Ph.D., RMT ("Practical Research in Music Therapy"), is Professor of Music and Director of the Music Therapy Program at the University of Georgia, Athens, Georgia. He has contributed articles to the *Journal* and is a contributor to *Music in Therapy*, The Macmillan Company, 1968; "The Effect of Early Music Deprivation on the Musical Performance of Institutionalized Mentally Retarded Children."

EMILY STEVENS, RMT and FRANK CLARK, Ph.D. ("Music Therapy in the Treatment of Autistic Children"), approach this topic through specific techniques of evaluation.

Miss Stevens is Director of Music Therapy at the Georgia Mental Health Institute in Atlanta, Georgia and holds an appointment as clinical instructor in the Emory University Department of Psychiatry. Dr. Clark is a child-clinical psychologist and assistant professor of psychiatry at Emory University, Atlanta, Georgia. He is primarily involved at Emory as coordinator of the behavioral science program for medical students.

CAROL TRAUB, RMT ("The Relation of Music to Speech of Low Verbalizing Subjects in a Music Listening Activity"), was director of Music Therapy at Madison State Hospital, Madison, Indiana, at the time the article was written. She now lives in Greeley, Colorado.

DENNIS F. CARROCCIO, RMT and LAWRENCE F. QUATTLEBAUM ("An Elementary Technique for Manipulation of Participation in Ward Dances at a Neuropsychiatric Hospital"), are staff members at Central States Hospital, Milledgeville, Ga. Mr. Carroccio is Administrative Assistant to the Director of Music Therapy and Director of Music Therapy Research. Mr. Quattlebaum is Assistant Director of Psychological Services; he is completing his work on a doctorate in psychology.
